

“Meticulous Craftsmanship & Uncompromising Quality.”

These are qualities that have been associated with Western since 1959. Our commitment to being one of the best is prevalent in every aspect of our organization. We work hard to differentiate ourselves from other manufacturers by providing outstanding products and services as follows:

- Knowledgeable Sales/Management Team to help solve the most challenging design problems.
- Showroom and manufacturing facility available to clients.
- Accurate and competitive price quotes on a timely basis.
- Efficient order processing by a staff experienced with the demands of general contractors.
- Products built by skilled craftsmen that understand the importance of meeting schedules.
- In-house dual seal IG units of the same quality as the products they are glazed into.
- State-of-the-art high performance Cardinal Low E² glass.

- Technical assistance and installation training specific to Western products.
- Western partners with qualified Dealers throughout the Southwest, Hawaii and Mexico to provide the appropriate distribution, installation and warranty services required by the local builders.

Our entire organization is focused on constantly improving our services and efficiencies related to manufacturing state-of-the-art, high end aluminum windows and doors. We appreciate your interest and welcome you to visit our Phoenix, Arizona factory and design center or our website at www.westernwindowwystems.com.
